

Dear Parents,

In Social Studies, each student is creating a timeline of 5 important events in their life. Their birth will be their first event. Please help them in recording the other four events. Some examples include major trips, birth of their siblings, start of kindergarten, moving to a new place, etc. If the exact date is unknown, the month and year will be sufficient. Also, students may bring in photos for each or some of these events to enhance their timeline. Please do not send valuable photos. Rather, reprints or scanned copies are recommended. Students will be trimming these photos so they can fit onto the timeline. We will start our timelines on October 17th

Thank you for your help,

Mrs. Chen

Date	Event
	I was born.
